

Representative IP Engagements

Electronics, Computers and Semiconductors

- Representation of complainant Renesas Technology Corp. in a patent infringement and unfair competition case in the International Trade Commission against Samsung Electronics Corp. involving semiconductor manufacturing and DRAM technologies.
- Representation of Fujitsu Limited in defense of patent infringement allegations and in prosecution of cross claims against Nanya Technologies in the field of semiconductors, including processing technologies, DRAMs, and other semiconductor devices.
- Representation of Apple Inc. in defense of allegations of patent infringement filed by WiAV pending in the Eastern District of Texas concerning wireless communication devices and mesh networking technologies.
- Representation of Lockheed Martin Corporation in *Steve Smith v. Lockheed Martin Corporation*, a trade secret litigation pending in the Superior Court of Orange, California, relating to detonating improvised explosive devices using passive infrared motion sensors.
- Representation of Canon in defense of patent infringement allegations filed in the District of Delaware by Tarkus Inc. relating to tone reproduction technology used in printers.
- Representation of Dai Nippon Printing in defense of patent litigation filed by Advanced Technology Incubator against DNP and Sharp Electronics in the Eastern District of Texas in the area of LCD display technology.
- Representation of Renesas Technology in defense of a patent infringement complaint filed by Samsung Electronics in the International Trade Commission involving semiconductors and computer controllers.
- Representation of the New York Stock Exchange in defense of patent infringement claims filed by Papyrus Technologies in the Southern District of New York involving wireless handheld trading devices used by brokers on the exchange floor.

- Representation of Fujitsu Limited in defense of declaratory judgment litigation filed by KLA-Tencore Corp. against Fujitsu relating to “ellipsometer” measuring tools used in the manufacture of semiconductor chips.
- Representation of International Securities Exchange LLC in defense of patent infringement claims filed in the Eastern District of Texas related to data compression and decompression technologies.
- Representation of Apple Inc. in defense of patent infringement claims asserted by MedeoStream in the Eastern District of Texas relating to software used to create DVDs.
- Representation of Hitachi Limited in Eastern District of Virginia “rocket docket” patent infringement litigation against Samsung Display and Samsung related to cathode ray tube display device technology.
- Representation of TyCom Limited in multi-defendant patent infringement proceedings initiated by Litton Industries and Stanford University against TyCom, Pirelli, Lucent, Nortel, and JDS Uniphase involving optical fiber amplifiers.
- Patent infringement litigation in the Eastern District of Virginia on behalf of plaintiffs Fujitsu Limited and Fujitsu Micro Devices against Samsung Electro Mechanics in field of Surface Acoustic Wave filters used in telecommunications devices.
- Representation of Station Casinos, Inc. in defense of patent infringement litigation filed by Harrah’s Entertainment in U.S. District Court in Las Vegas involving a software-based casino patron reward program.
- Patent infringement litigation in the Eastern District of Virginia on behalf of plaintiffs Fujitsu Limited and Fujitsu Micro Devices against EPCOS in field of Surface Acoustic Wave filters used in telecommunications devices.
- Representation of Fujitsu Limited and Fujitsu Hitachi Plasma Display in defense of patent infringement proceedings filed by Competitive Technologies Inc. in the International Trade Commission concerning plasma display technology.
- Representation of Fujitsu Limited and Fujitsu Micro Devices in defense of patent declaratory judgment filed by SAWTEK in Florida in the field of Surface Acoustic Wave filters used in telecommunications devices.
- Representation of Plus Vision Corp. (Japan) in defense of patent infringement charges filed by Seiko Epson in the District of Oregon related to projection displays using Digital Light Processor technology.

- Representation of Fujitsu Network Communications Inc. in defense of patent infringement litigation filed by Arthur A. Collins, Inc. in the Northern District of Texas involving SONET-type optical telecommunications systems and devices.
- Representation of Fujitsu Computer Products of America in defense of an action filed by Compression Labs Inc. in the Eastern District of Texas concerning JPEG/MPEG compression techniques.
- Representation of Fujitsu Limited in a patent infringement lawsuit filed in the District of Delaware by Honeywell, Inc. involving liquid crystal displays.

Pharmaceuticals and Biotechnology

- Representation of AstraZeneca and Merck in two multi-party, multi-patent trials in the Southern District of New York against eight generic pharmaceutical companies involving patents on the anti ulcer medicine Prilosec®. Represented AstraZeneca later on appeal and in damages actions against infringing defendants.
- Representation of AstraZeneca in pending multi-party, ANDA litigation involving six patents relating to the drug product NEXIUM® (esomeprazole magnesium).
- Representation of Bayer CropScience AG in a patent infringement action against Dow AgroSciences for its development and commercialization of genetically modified herbicide resistant plants and crops.
- Representation of Bayer SAS, along with co-plaintiff BASF, in two patent infringement actions filed in the US District Court for the Middle District of North Carolina against two international agricultural generics, Cheminova and Makhteshim, regarding manufacture and use of Fipronil as a termiticide.
- Representation of Bayer Crop Science LP in a patent infringement action against Makhteshim and Control Solutions, Inc. regarding their Fosetyl-Al fungicide products marketed primarily to golf courses under the trade names Quali-Pro and Foursome.
- Representation of Bayer BioScience in their defense of a declaratory judgment action of invalidity and non infringement of three Bayer patents related to recombinant plants expressing insecticidal crystal proteins.
- Representation of Bayer Crop Science LP in defense of a Declaratory Judgment action by Etigra for patent infringement, tortious interference with contract, and unfair and deceptive trade practices under State, Federal and Common Law. Bayer countersued for patent infringement, misappropriation of trade secrets and unfair competition.

- Representation of Foot Levelers, Inc., the defendant in a qui tam action brought by Unique Product Solutions in the US District Court for the Northern District of Ohio for patent false marking under 35 USC 292 (b).
- Representation of Digene in the Western District of Wisconsin against Third Wave for infringement of a patent directed to a type of high-risk HPV, which causes cervical cancer.
- Representation of Life Technologies and Invitrogen Corporation against Clontech before the Federal Circuit regarding validity of Invitrogen's three patents for genetically engineered reverse transcriptase enzyme—a critical scientific tool used for cloning DNA in laboratories worldwide.
- Representation of Osmose in a patent infringement action against Arch Treatment Technologies regarding particulate copper wood treating agents and methods.
- Representation of Bayer CropScience in an ITC 337 action between Sumitomo Chemicals and Syngenta.
- Representation of Bayer BioScience in defense of a declaratory judgment action of invalidity and non-infringement of Bayer patents to genes expressing hydroxyphenyl pyruvate dioxygenase mutated plant cells and plants containing such genes and stacked genes.
- Representation of Bayer CropScience in several patent infringement actions and patent interferences against Syngenta concerning chloronicotinyl insecticides.
- Representation of Bayer CropScience in a patent infringement action against Nufarm concerning imidacholoprid on fertilizer.
- Representation of Bayer KK in a 1782 action against Albaugh, Inc. to obtain discovery for use in Scottish litigation.
- Representation of Affymetrix in defense of a patent infringement action on its Gene Chip technology by ABI.
- Representation of Life Technologies in three appeals to the U.S. Court of Appeals for the Federal Circuit concerning inequitable conduct, non-infringement, invalidity and false marking issues.
- Representation of Bayer CropScience LP in defense of two False Patent Marking suits, one by AgSaver and one by Cloverleaf.
- Representation of Osmose in a patent infringement action against Phibrotech regarding wood preservative technology.

- Representation of Bayer Healthcare, Bayer Material Science, Bayer CropScience, and Bayer Schering in defense of a patent infringement action by *pro se* plaintiff Dr. George Pieczenik.

Medical Devices

- Representation of Tyco Healthcare's Ludlow Corp. and Kendall divisions in patent infringement litigation initiated by Conmed Corp. in Syracuse, New York concerning ECG electrodes.
- Representation of Tyco Healthcare's Valleylab division in patent infringement litigation concerning electrosurgical electrodes.
- Representation of Tyco's Radionics unit in defense of a patent infringement suit filed by Oratec Interventions in the field of back pain treatment catheters.
