Olivia Scandura is an associate in the New York office of Milbank and a member of the firm's Global Project, Energy and Infrastructure Finance Group.

### Primary Focus & Experience

Olivia has extensive experience in advising project sponsors and lenders in a range of conventional and renewable energy and infrastructure project financings with a particular focus in midstream assets, tax equity backed financings and the mining sector, domestically and internationally.

Her recent representations include:

- The Lenders in the Lenders in an approximately \$2.1 billion financing of large-scale natural gas treatment, processing and liquefaction facilities in Squamish British Columbia, Canada;
- The Noteholders in a \$1,250,000,000 private placement financing of semiconductor fabrication facilities located in the US;
- The Lenders in an approximately \$170,000,000 financing of a natural gas pipeline in Texas;
- The Lenders in an approximately C\$1 billion acquisition financing of the purchase of Enwave Energy Corporation's infrastructure assets in Canada from Brookfield by IFM Investors and Ontario Teachers' Pension Plan Board;
- The lenders in connection with a \$1.9 billion financing of EdgeCore Digital Infrastructure's 26 MW PH01 data center and 108 MW PH02 data center in Mesa, Arizona;
- The Abu Dhabi Investment Authority in a \$1,785,000,000 acquisition of a non-controlling 10% interest in Semptra Infrastructure Partners, a subsidiary of Semptra Energy;
- The lenders and certain export credit agencies in a \$2,000,000,000 CDNO financing for Metro de Panama S.A.'s Metro Line 3 Project which was sponsored by a consortium of Korean contractors;
- The lenders and certain export credit agencies in connection with a \$300 million project financing of a Kinross-sponsored Tasiast Gold Mine located in Mauritania;

- The Borrower and Sponsor entities in connection with a \$140,000,000 financing of a calcium mine located in the Dominican Republic;
- The lenders and certain export credit agencies in connection with a \$346.2 million project financing of the Araguaia Nickel Project located in Brazil; and
- The lenders in connection with a \$150,000,000 financing of a portfolio of datacenters located in Chile and the US
